

Department of Examinations - Sri Lanka
G.C.E. (O/L) Examination - 2018

80 - Information and Communication Technology

Marking Scheme

This document has been prepared for the use of Marking Examiners. Some changes would be made according to the views presented at the Chief Examiners' meeting.

Amendments to be included

ಕರ್ನಾಟಕ ಸರ್ಕಾರ
ಕೃಷಿ ಮತ್ತು ಪಶುಪಾಲನೆ ಇಲಾಖೆ

37. How many times will the \$ mark be displayed after the execution of the following pseudocode?

```

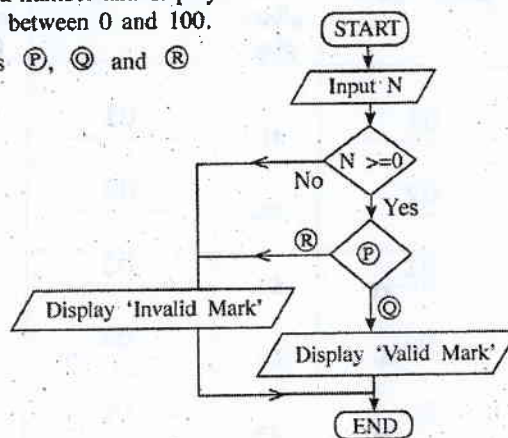

BEGIN
  P = 0
  REPEAT
    Q = P MOD 2
    IF Q = 1 THEN
      DISPLAY '$'
    ENDIF
    P = P + 1
  UNTIL P < 5
END
    
```

- (1) 1 (2) 2 (3) 3 (4) 4

38. Consider the flowchart on the right which inputs a number and displays the message 'Valid Mark' if the input number is between 0 and 100.

What should be the correct terms for labels P, Q and R respectively?

- (1) $N \leq 100$, No, Yes
 (2) $N \leq 100$, Yes, No
 (3) $N = 100$, No, Yes
 (4) $N = 100$, Yes, No

39. Which of the pseudocodes is equivalent to the logic of the flowchart on the right?

- | | |
|--|--|
| (1) BEGIN
READ C
F = 9 * C
F = F + 32
F = 5 * F
SHOW F
END | (2) BEGIN
READ C
3F = 9 * C / 5 + 32
SHOW F
END |
| (3) BEGIN
READ C
F = 9 * C / 5 + 32
SHOW F
END | (4) BEGIN
READ C
F = 9 * C
F = C + 32
F = 5 * C
SHOW F
END |

40. Which of the following is/are correct regarding programming languages?

- A - Machine language uses binary digits (bits) based instructions which a computer can understand.
- B - Assembly is a low level machine dependent programming language which uses a symbolic representation of machine code.
- C - High level programming languages are machine independent.

- (1) A only (2) A and C only (3) B and C only (4) All A, B and C

Paper II

Special Notes:

.../.../... indicate only one of the options included are considered as correct answer

Underlined key words or synonyms are mandatory

[..] Indicates marking guidelines

1	
(i)	<p>If character 'm' is represented in the ASCII table as 109₁₀, write down the binary representation of the word 'no' using 7 bits for each character.</p> <p>1101110 1101111</p> <p style="text-align: center;">[Either only one of letters 'n' or 'o' is correctly represented: 1 Mark, Both are correctly represented but the final answer not written OR incorrect: 1.5 Marks, Final answer correct with or without steps =2 Marks]</p>
(ii) (a)	<p>Consider the following simplified logic circuit, which is designed to switch on a ceiling fan when temperature is HIGH while the power switch is ON. Write down the two relevant logic gates for P and Q.</p> <p style="text-align: center;">P → AND/ </p> <p style="text-align: center;">Q → NOT/ </p> <p style="text-align: right;">[0.5 x 2 Marks = 1 mark]</p>

2. (i)

(i) People who work with computers for long periods sometimes complain of certain health issues. The following shows the Health Issues (labeled A - C), Possible Reasons (labeled G - I) and Possible Solutions (labeled P - W).

Match each health issue A - C, with a possible reason G - I and a possible solution P - W and write down using their labels.

(Note: There can be more than one possible solution for a given health issue. However, you are required to write only one solution.)

Health Issue
A - Carpel Tunnel Syndrome
B - Computer Vision Syndrome (Digital Eye Strain)
C - Musculoskeletal disorder

Possible Reason
G - Poor posture or a non-ergonomically designed work space
H - Painful compression of a nerve as it passes across the front of the wrist
I - Looking at computer screen for prolonged periods

Possible Solutions
P - Rest the eye muscles by looking up and staring for a moment at objects in the distance
Q - Stand up and stretch the back, arms and fingers frequently
R - Take regular short breaks from a repetitive task by using an alarm as a reminder
S - Avoid bending the wrists and keep the arms, wrists and fingers aligned when typing
T - Use keyboard shortcuts to reduce typing and mouse movements
U - Avoid hitting the keys too hard while typing / use touch typing
V - Position the computer screen to avoid glare / use curtains or drapes on windows
W - Keep the computer screen about 15 to 20 degrees below eye level

Health Issue	Possible Reason	Possible Solution
A	H	Q/R/S/T/U
B	I	P/R/V/W
C	G	Q/R

OR

A → H → Q/R/S/T/U

B → I → P/R/V/W

C → G → Q/R

1 mark each for correct mapping of Health Issue with Possible Reason

[1 Mark *3

= 3 Marks]

1 mark each for correct mapping of Possible Reason/ Health Issue with Possible Solution

[1 Mark *3

= 3 marks]

**Note 1: If the answer include incorrect mappings with correct mappings NO marks awarded

**Note 2: only the correspondence between each column in row is important and the order of columns does not matter (i.e. Solution → Reason OR Reason → Solution is acceptable)

(ii)

For each of the issues (labelled ①-④) below, identify the relevant term from the list and write down the term against each relevant label.

- ① - A person receiving an email that appears to have come from a well-known organization and asking for personal information such as the credit card number, the user name and the password of the person's online banking facility
- ② - The practice of taking someone else's work and publishing them off as one's own
- ③ - A person having unauthorized access to a computer network and accessing personal information such as names and addresses of customers
- ④ - A person selling unauthorized copies of a licensed software at a 5% of the original price

List of terms : {fair use, forgery, hacking, phishing, plagiarism, piracy, spam}

- A → Phishing
- B → Plagiarism
- C → Hacking
- D → Piracy

[1 Marks*4
=4 Marks]

3

(i) The HTML source of the web page shown in Figure 1 is given in Figure 2 with certain missing tags and parameters labelled ① - ⑧.

Food Type	Examples
i. Carbohydrates	Rice
ii. Fruits and Vegetables	Papaya, Snake Gourd, Banana, Bhindi
iii. Protein	Soya Beans
iv. Dairy and/or their alternatives	Yoghurt
v. Fats and sugars	

- Eat a variety of foods from each of following five food groups every day
- Drink plenty of water (H₂O)
- Eat plenty of plant foods, such as fruit, vegetables
- Exercise regularly or engage in physical activities
- Get a good night's sleep and rest

Figure 1 web page

```

<tr>
  <td><li>iii. Protein</li>
  <td><li>Soya Beans</li> </td>
</tr>
<tr>
  <td><li>iv. Dairy and/or their alternatives </li>
  <td><li>Yoghurt</li> </td>
</tr>
<tr>
  <td><li>v. Fats and sugars </li>
  <td>
</tr>
</table>
<li>⑥</li>
<li>Drink plenty of ⑦ href="https://www.purewaterfortheworld.org">water
(H<⑧>2<⑨>O)</li>
<li>Eat plenty of plant foods, such as fruit, vegetables</li>
<li>Exercise regularly or engage in physical activities</li>
<li>Get a good night's sleep and rest </li>
</ul>
</body>
</html>

```

Figure 2 The HTML Source code

Select the matching correct tag or parameter from the following list for each of the labels ① - ⑧ given in Figure 2 and write down against each label number.

List of terms : {a, alt, b, br, center, dl, href, i, img, li, ol, p, src, sub, sup, table, td, th, tr, ul}

(i) 1→i← [0.5 Marks]
 2→center ← [0.5 Marks]
 3→src ← [0.5 Marks]
 4→alt ← [0.5 Marks]
 5→ul ← [0.5 Marks]
 6→table ← [0.5 Marks]
 7→a ← [0.5 Marks]
 8→sub ← [1 Mark]

[= 4.5 Marks]

(ii) (ii) Use the following list of terms in answering questions (a) and (b) below.

List of terms : { DNS server, domain name, FTP, IP address, mail server, path to resource, protocol, resource, SMTP, spam mail, streaming server, top level domain, uniform resource locator (URL), web server, World Wide Web (WWW) }

(a) Identify the correct term from the above list for labels P-V below and write the correct terms against the label.

P → protocol
 Q → world wide web
 R → domain name
 S → top level domain
 T → path to resource
 U → resource
 V → uniform resource locator/URL

[0.5 Marks* 7 =3.5 Marks]

(b) Match the descriptions given in A-D with the correct terms from the list given above and write down the relevant term against the label.

A	Delivers web pages to clients using HTTP
B	Helps uniquely identify a computer on the internet
C	Every email that is sent passes through a series of this type of servers along its way to its intended recipient.
D	Unwanted email messages

A → web server
 B → IP Address
 C → Mail Server
 D → Spam

[A,C,D correct 0.5 each= 1.5 marks + 0.5 for B due to Tamil Translation Error =2 Marks]

4(i) (i) Consider the spreadsheet segment given below containing prices of two models of laptop computers and their accessories.

Description	Price (Rs.)	
	Model A	Model B
Laptop computer	86300	78900
Wear	1200	1250
Mouse device	450	300
Total	87950	
Total including delivery cost	88300	79600
Delivery Charge (only Model B)		350

The delivery cost is Rs. 350 and this cost is shown in cell B10. "Total" and "Total including Delivery Cost" are to be calculated for the two models.

(a) Write down the formula that should be entered in cell B6 to calculate the "Total" for Model A in the form of =function(cell1:cell2).

(a) =sum(B3:B5) OR sum(B3:B5)

[=1.5 Marks]
****Note: No partial marks**
